

Common part

Preparatory course

Thesis track

Free choice

MSc Environmental Sciences – Air Quality and Atmospheric Chemistry

September Start

		Period 1 September/October	Period 2 November/Decemb	Period 3 January	Period 4 February	Period 5 March/April	Period 6 May/June
FIRST YEAR	MO	Research Methodology in Environmental Science	Chemical Processes in Soil, Water and Atmosphere	Meteorology and Climate	Free choice	Free choice	Academic Master Cluster (AMC)
	AF	Principles of Environmental Sciences	Atmospheric Composition and Air Quality		Free choice	Environmental Quality and Governance	

February Start: In case of a big knowledge gap between your academic background and the thesis track of your choice, it may take you longer to finish. There is no preparatory course offered to fill a potential knowledge gap (light green).

		Period 4 February	Period 5 March/April	Period 6 May/June	Period 1 September/October	Period 2 November/Decemb	Period 3 January
FIRST YEAR	MO	Principles of Environmental Sciences	Free choice	Free choice	Academic Master Cluster (AMC)	Research Methodology in Environmental Science	Meteorology and Climate
	AF		Environmental Quality and Governance			Atmospheric Composition and Air Quality	

SECOND YEAR

Thesis Soil Air Quality and Atmospheric Chemistry

Internship Soil Air Quality and Atmospheric Chemistry

This schedule is based on the study handbook. In case of any discrepancy, the study handbook is the guiding principle. AF= afternoon. MO= morning.
