

Common part

Preparatory course

Thesis track

Free choice

MSc Environmental Sciences – Soil Biology

September Start

		Period 1 September/October	Period 2 November/December	Period 3 January	Period 4 February	Period 5 March/April	Period 6 May/June
FIRST YEAR	MO	Research Methodology in Environmental Science	Chemical Processes in Soil, Water and Atmosphere	Research methods in Soil Biology	Free choice	The Carbon Dilemma	Academic Master Cluster (AMC)
	AF	Principles of Environmental Sciences	Biological Interactions in Soils			Environmental Quality and Governance	

February Start: In case of a big knowledge gap between your academic background and the thesis track of your choice, it may take you longer to finish. There is no preparatory course offered to fill a potential knowledge gap (light green).

		Period 4 February	Period 5 March/April	Period 6 May/June	Period 1 September/October	Period 2 November/Decemb	Period 3 January
FIRST YEAR	MO	Principles of Environmental Sciences	Soil Quality	Free choice	Academic Master Cluster (AMC)	Research Methodology in Environmental Science	Research Methods in Soil Biology
	AF		Nutrients in a Circular Agriculture	Free choice		Environmental Quality and Governance	

SECOND YEAR

Thesis Soil Biology

Internship Soil Biology

This schedule is based on the study handbook. In case of any discrepancy, the study handbook is the guiding principle. AF= afternoon. MO= morning.
