Diploma Eligibility List Wageningen University 2027 intake

Wondering if your high school diploma qualifies you for (conditional) admission into a bachelor's degree at Wageningen University? You can look up the country where you obtain your diploma in this document!

Please note:

- (Conditional) admission is **not** guaranteed when your diploma is listed
- The country listed refers to the country where the diploma was issued, not the nationality of the applicant
- We cannot determine whether an applicant meets our requirements based on an email. We will start the formal evaluation after we receive an application. Information about the application and admission process can be found on our website
- Every application will be assessed on an individual basis
- This document only outlines the entry-level requirements. Please note that additional subject and language requirements also apply
- Applicants who have or will obtain multiple diplomas will be assessed based on only one of the diplomas. The Admissions Office will decide which diploma will be used for this evaluation
- Diplomas obtained after not having followed the complete curriculum will be evaluated on a case-by-case basis
- If your diploma is not listed it does not automatically mean that you cannot be admitted, we always advise you to apply
- No rights can be derived from this document
