ANNA SPARK

Alternative Pop

Anna Spark is a singer, composer and producer from Utrecht. With soulful vocals she creates a world of emotion, curiosity and wonder. Together with her six-piece band, she combines intimate storytelling with dynamic and unconventional arrangements. Anna treats her native language as an instrument in its own right, allowing its sound and rhythm to become part of the music's emotional expression. Her poetic lyrics explore themes such as loneliness, inequality, identity and the thoughts we're rarely encouraged to voice.

Rogier Kappers, the Glass Grinder, collected hundreds of cognac-, wine-, beer-, champagne and port glasses, and built the only glass organ of the Netherlands. On his transport bike, he rambles around, showing up on street corners, village squares and festivals.
